**Restriction requirement**

In response to the Office Action mailed on March 16, 2005, Applicants provisionally restrict prosecution to Invention I recited in the presently submitted new Claims 381-466.

As can be seen from the above table, much of the claim language as originally filed is retained and thus not narrowed. Many other amendments are for clarification alone and thus result in no narrowing of the claims.

**Conclusion**

In view of the above, allowance of the pending claims is respectfully solicited.

The Commissioner is authorized to charge any additional fees which may be required or credit overpayment to deposit account no. 12-0415. In particular, if this response is not timely filed, then the Commissioner is authorized to treat this response as including a petition to extend the time period pursuant to 37 CFR 1.136 (a) requesting an extension of time of the number of months necessary to make this response timely filed and the petition fee due in connection therewith may be charged to deposit account no. 12-0415.
